

IN THE CIRCUIT COURT OF JACKSON COUNTY, MISSOURI
FAMILY COURT DIVISION

IN RE: Consent to Medical Treatment

ADMINISTRATIVE ORDER 04-06

AMENDED ORDER

It is hereby ordered, effective June 1, 2004, that when either the Children's Division or Family Court Services is the legal custodian of a child under the jurisdiction of the Family Court Division pursuant to Section 211.031 RSMo., the legal custodian has the authority to consent to any medical, surgical, psychiatric, or psychological treatment without judicial action unless one of the following conditions exist:

1. The treatment involves a high risk of permanent disability or death; or
2. The treatment is so invasive or intrusive that a reasonable person might refuse the treatment; or
3. The treatment is so painful or discomforting that a reasonable person might refuse the treatment; or
4. The treatment consists of the termination of life sustaining methods; or
5. The treatment is considered experimental in nature; or
6. The treatment consists of extraordinary life support measures; or
7. One or more of the child's legal parents are available, have been consulted, and the treatment is not desired by such parent or parents.

In the event, the legal custodian is unable to consent to treatment because one of the above seven conditions exists, and the legal custodian believes such treatment is in the best interests of the child, the legal custodian or any party shall file a motion, with notice to all parties, requesting an order to consent to such treatment or for any other relief the custodian deems appropriate.

The child's physical custodian may present the child to any hospital or medical facility for emergency treatment in accordance with Section 431.063 RSMo.

It is further ordered that Administrative Order 02-23 is hereby set aside and held for naught.
